et al. 3D Configurator

Creating Et al. seats and tables
has never been so easy.

Et al. 3d Configurator

We are glad to announce the launch of our **3D configurator**, a new feature that will transform the way you interact with our products.

This tool allows you to **customize chairs, tables, and modular systems** with the wide range of **Et al. finishes**, helping you find the perfect solution for your needs.

With our 3D configurator, personalizing your space has never been easier: go to the desired Et al. collection, select the item, choose the finishes that best suit your style and, with a click, you can **download** the details of your configuration or **send us a quote request**.

Start your customization experience now.

The configurator is currently available only for desktop and tablet resolutions.
