seats for living

The iconic armchair 001 takes shape: live!

Between Marche and Romagna, in an area that embodies the fusion of Romagna hospitality and Marchigian pragmatism, where the sea meets the hills and craftsmanship becomes a tradition handed down in products designed to be experienced, here our **001** was born, leaving an indelible mark on the history of outdoor armchairs.

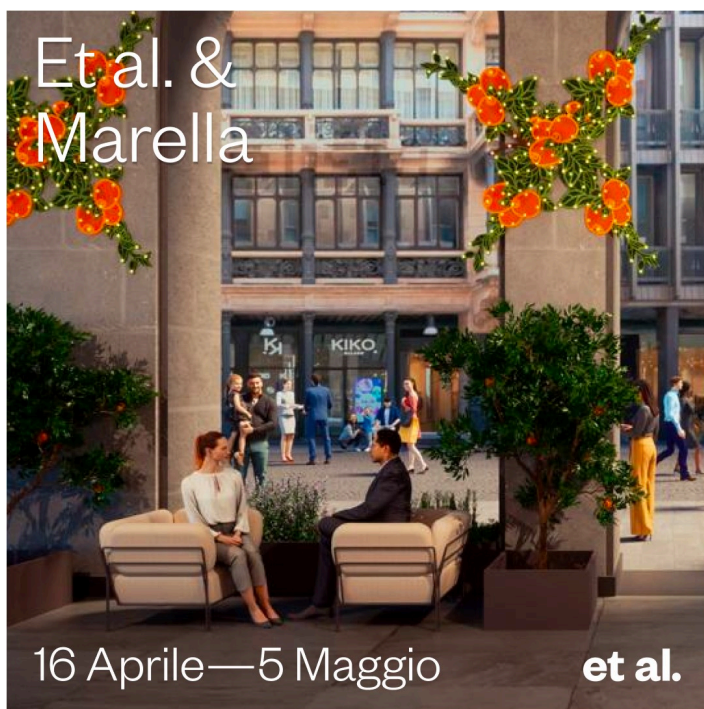

Et al. has decided to celebrate the 001 during this edition of Salone del Mobile, wishing a long and prosperous life to an icon that remains unnamed, as it needs no name.
A number suffices: number 1.
Come and see at our booth how the 001... comes to life.

Et al. at Fuorisalone with Marella

Our participation in the beautiful installation "*Eden Unveiled*" by Sicilian artist Domenico Pellegrino is born from a splendid collaboration with the brand **Marella**. The installation will light up the windows and interior of the Marella flagship store on Corso Vittorio Emanuele II.

In the Marella store, we will furnish the retail space with seats from the **Ari collection**, which we will preview at the Salone del Mobile 2024

Noodle at "Universo Satellite"

The special exhibition "**Universo Satellite**," organized on the occasion of the 25th anniversary of **SaloneSatellite**, is curated by Beppe Finessi in collaboration with the SaloneSatellite team and under the supervision of Marva Griffin herself.

We are proud to announce that Et al. will be featured in the select group of essential and "timeless" pieces, with the **Noodle** coffee table designed for us by **Ana Kraš**.
